

VENKATESH KOTA

+91-7893396338 — kotavenkatesh2822@gmail.com

Summary

Detail-oriented Computer Science graduate with proficiency in **Excel data management**, **SQL**, and **Python**. Strong **communication** and **problem-solving** abilities with experience coordinating schedules and maintaining accurate records in fast-paced environments. Quick **typing** skills and comfortable with **PowerPoint** reporting.

Education

Kakinada Institute of Engineering and Technology

B-Tech in Computer Science CGPA: 7.8/10

Nov 2021 – May 2025

Kakinada, Andhra Pradesh

Gayatri junior college

MPC CGPA: 9.7/10

jun 2019 – mar 2021

Gotlam, Andhra Pradesh

Experience

Kakinada Institute of Engineering and Technology (IQAC)

Academic Operations Coordinator

2023 – 2024

Kakinada, AP

- Managed daily faculty scheduling and class assignments using **Excel**, ensuring optimal resource utilization and minimal disruptions.
- Served as the primary point of **communication** between administration and faculty to resolve last-minute absences and schedule changes.
- Maintained accurate billing and attendance records while **problem-solving** real-time operational issues to keep academic activities on track.

Projects

Food Delivery Application | *React.js, Node.js, Express.js, MongoDB, Razorpay* | GitHub

- Built a full-stack MERN application with secure authentication and Razorpay payment integration.
- Designed RESTful APIs for order and cart management, improving response time by 20%.
- Optimized database queries and backend performance to enhance scalability and user experience.

Employee Management System | *React.js, Node.js, Express.js, MongoDB* | GitHub

- Developed role-based system with JWT authentication and CRUD operations for employee records.
- Automated leave workflows, reducing manual administrative tasks.
- Enabled real-time data updates with seamless frontend-backend integration.

AI Chatbot using Gemini API | *React.js, Node.js, Express.js, Gemini API* | GitHub

- Created conversational chatbot with Gemini API integration for real-time query responses.
- Built RESTful APIs to handle user requests and generate dynamic replies efficiently.
- Optimized response flow to reduce latency and improve overall user experience.

Technical Skills

- **Programming:** Python, SQL, JavaScript
- **Software:** Microsoft Excel, PowerPoint
- **Soft Skills:** Communication, Problem Solving, Typing (Fast & Accurate)

Certifications & Achievements

- Full Stack Web Development – Edu Skills july–sep 2024
- Deep Learning – NPTEL july–oct 2023
